# SUN PROTECTION QUALITY AREA 2

## PURPOSE

This policy will provide:

- guidelines to ensure children, staff, volunteers and others participating in Heathmont East Preschool programs and activities are well protected from overexposure to ultraviolet (UV) radiation from the sun
- information for parents/guardians, staff, volunteers and children attending Heathmont East
- Preschool regarding sun protection
- guidance to the use of outdoor spaces including adequate shading.

## POLICY STATEMENT

## VALUES

Heathmont East Preschool is committed to:

- promoting sun protection strategies for children, families, staff and visitors to minimise the harmful effects of over exposure to the sun's UV radiation
- ensuring that curriculum planning will minimise over exposure to the sun's UV radiation and also promote an awareness of sun protection and sun safe strategies
- providing information to children, staff, volunteers, parents/guardians and others at the service about the harmful effects of exposure to the sun's UV radiation.

#### SCOPE

This policy applies to the approved provider, persons with management or control, nominated supervisor, persons in day-to-day charge, early childhood teachers, educators, staff, students, volunteers, parents/guardians, children, and others attending the programs and activities of Heathmont East Preschool, including during offsite excursions and activities.

This policy will apply whenever the sun's UV levels reach three or higher. Whenever this occurs a combination of sun protection measures are to be used for all outdoor activities.

In Victoria UV levels are usually three or higher from mid-August to the end of April. Please check the daily local sun protection times *(refer to Definitions)* to be sure you are using sun protection when it is required. Active outdoor play is encouraged throughout the day all year, provided appropriate sun protection measures are used when necessary.

Responsibilities	Approve d provider and persons with manage ment or control	Nomin ated superv isor and person s in day-to- day charge	Early childho od teacher, educato rs and all other staff	Parent s/guar dians	Contra ctors, volunt eers and studen ts
R indicates legislation	on requirement,	and should i	not be deleted		
Meeting the standards and requirements of the SunSmart early childhood program	R	$\checkmark$			
Ensuring that this policy is up to date with current SunSmart recommendations: www.sunsmart.com.au	R	$\checkmark$			
Ensuring parents/guardians are informed about and agree to support the <i>Sun</i> <i>Protection Policy</i> on enrolment, including the need to provide an appropriate sunhat and clothing for sun protection ( <i>refer to</i> <i>Definitions</i> ) for their child when attending the service	R	V	V		
Applying sunscreen <i>(refer to Definitions)</i> to their child before the commencement of each session during the times specified in the Scope of this policy				V	
Providing, at their own expense, an alternative sunscreen to be left at the service if their child has a particular sensitivity to the sunscreen provided by the service				۸	
Providing a supply of sunscreen for use on all persons to whom this policy applies	R	$\checkmark$			
Obtaining parents/guardians provide an authority for staff to apply sunscreen prior to their child commencing at the service (refer to Attachment 1) and that this is stored with each child's enrolment record (refer to Definitions)	R	V	٦		
Applying sunscreen ( <i>refer to Definitions</i> ) to children's exposed skin – except in cases where parents/guardians have not given authority. Where possible this should be done 20 minutes before going outdoors. Children, where appropriate, will be encouraged to apply sunscreen with the assistance of an educator (sunscreen is to be reapplied every two hours)		V	V		V
Storing sunscreen in a cool place and monitoring the expiry date – including for sunscreen supplied by parents/guardians		$\checkmark$	$\checkmark$		$\checkmark$

#### **BACKGROUND AND LEGISLATION**

#### BACKGROUND

Over exposure to the sun's UV radiation can cause sunburn, skin and eye damage and skin cancer. Australia has one of the highest rates of skin cancer in the world.

Children up to four years of age are particularly vulnerable to UV damage due to lower levels of melanin and a thinner stratum corneum (the outermost layer of skin). UV damage accumulated during childhood and adolescence is associated with an increased risk of skin cancer later in life.

A combination of sun protection measures (hats, clothing, sunscreen, shade and sunglasses) is recommended whenever UV levels are three or higher during daily sun protection times *(refer to Definitions)*.

It is a requirement under the *Occupational Health and Safety Act 2004* that employers provide a healthy and safe environment for all persons who access the service's facilities and/or programs.

Legislation that governs the operation of approved children's services is based on the health, safety and welfare of the children and requires that children are protected from hazards and harm.

#### LEGISLATION AND STANDARDS

Relevant legislation and standards include but are not limited to:

- Child Wellbeing and Safety Act 2005 (Vic) (Part 2: Principles for Children)
- Education and Care Services National Law Act 2010: Section 167
- Education and Care Services National Regulations 2011: including Regulations 100, 101, 113, 114, 168(2)(a)(ii)
- National Quality Standard, Quality Area 2: Children's Health and Safety
- Standard 2.2: Each child is protected
- Element 2.2.1: At all times, reasonable precautions and adequate supervision ensure children are protected from harm and hazard
- Occupational Health and Safety Act 2004

The most current amendments to listed legislation can be found at:

Victorian Legislation – Victorian Law Today: <u>www.legislation.vic.gov.au</u> Commonwealth Legislation – Federal Register of Legislation: <u>www.legislation.gov.au</u>

#### DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. Approved provider, Nominated supervisor, Notifiable complaints, Serious incidents, Duty of care, etc. refer to the Definitions for HEPS Policies File.

**Clothing for sun protection:** Clothing that is loose-fitting, made from cool, densely woven fabric and covers as much skin as possible: tops with elbow-length sleeves and, if possible, collars and knee-length or longer shorts and skirts. Singlet tops and shoestring tops/dresses do not provide adequate protection in the sun.

**Daily sun protection times:** Times when the sun's UV radiation is forecast to be three or higher. Information about the daily sun protection times is available in the weather section of the daily newspaper, on the SunSmart website at: <u>www.sunsmart.com.au</u>, at <u>myuv.com.au</u>, as a free SunSmart app and as a free widget that can be added to websites.

**Shade:** An area sheltered from direct and indirect sun, such as a large tree, canopy, verandah or artificial cover. Shade can be built, natural or temporary and can reduce overall exposure to the sun's UV by up to 75%. Ensure shade is easily accessible, comfortable, in good condition and regularly maintained. Use surfaces that reflect less UV, e.g. natural, dark or rough surfaces. When combined with appropriate clothing, hats and sunscreen, children can be well protected from UV over exposure when outdoors. Research shows that preschool environments with trees, shrubbery, and broken ground not only provides better sun protection in outdoor play but also triggers more physical activity.

**Sunhat:** SunSmart advises the use of broad-brimmed or bucket-style hats (at least 5cm brim for young children) or legionnaire hats (make sure the front peak and back flap overlap at the sides) that shade the face, neck and ears. Caps and visors offer little protection to the cheeks, ears and neck, and are not considered a suitable alternative and should be swapped for a UV-protective hat

**Sunglasses:** Sunglasses are optional. If worn, it is recommended that glasses are a close fitting, wrap-around style that meet the *Australian Standard 1067 (Sunglasses: Category 2, 3 or 4)* and cover as much of the eye area as possible. Wearing a hat with a brim that shades the eyes can also reduce UV radiation to the eyes by 50%.

**Sunscreen:** SPF 30 (or higher) broad-spectrum, water-resistant sunscreen. Sunscreen should be reapplied every two hours, even when labelled 4 hours water resistance. Make sure the sunscreen has an Australian Licence (Aust L) number and monitor the expiry date. Store it in a supervised, cool, dry place out of direct sun. Cancer Council recommends a <u>usage test</u> before applying a new sunscreen. From 3 years of age, children are encouraged to apply their own sunscreen under supervision of staff to help develop independent skills ready for school.

**SunSmart:** The name of the program conducted by Cancer Council to help prevent skin cancer: <u>www.sunsmart.com.au</u>

### **EVALUATION**

In order to assess whether the values and purposes of the policy have been achieved, the approved provider will:

- regularly seek feedback from educators, staff, parents/guardians, children, management and all affected by the policy regarding its effectiveness
- monitor the implementation, compliance, complaints and incidents in relation to this policy
- keep the policy up to date with current legislation, research, policy and best practice
- revise the policy and procedures as part of the service's policy review cycle, or as required
- notifying all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk (*Regulation 172 (2)*).

## **A**TTACHMENTS

• Attachment 1: Authority for staff to administer sunscreen

#### **A**UTHORISATION

This policy was adopted by the approved provider of Heathmont East Preschool in February 2023.

**REVIEW DATE:** July 2025

## ATTACHMENT 1. AUTHORITY FOR STAFF TO ADMINISTER SUNSCREEN

#### Authority for staff to administer sunscreen provided by the service

I, \_\_\_\_\_, give/do not give permission for the staff at Heathmont East Preschool to apply, as appropriate, SPF 30 (or higher) broad-spectrum, water-resistant sunscreen to all exposed parts of my child's body.

(Name of child)

Signature (parent/guardian)

Date

#### Authority for staff to administer sunscreen provided by the parent/guardian

I,\_\_\_\_\_\_, give permission for the staff at Heathmont East Preschool to apply, as appropriate, to all exposed parts of my child's body the sunscreen that I have supplied and labelled with my child/children's name. This sunscreen is an SPF 30 (or higher) broad-spectrum, water-resistant sunscreen. I understand that this sunscreen will be kept at the service.

It is my responsibility to ensure there is always an adequate supply of this sunscreen at the service.

(Name of child)
