PROCEDURES

GENERAL ORIENTATION PROCEDURES

The time required for orientation and settling in will vary for each child and their family, therefore it is important to be flexible and individualise orientation for each family.

- Offer families the opportunity to visit the service at different times during the day/session, this allows the child and their family to become familiar with the various routines of the service
- Provide reassurance to the family that they may stay with their child for as long as they choose during orientation period
- Provide the family with suggestions for developing and maintaining a routine for saying goodbye to their child
- Reassure the family:
 - they can leave their child initially for a shorter day, gradually increasing the length of time
 - they may call and speak to their child's early childhood teacher or educator(s) at an agreed time
 - the early childhood teacher/educators will keep them informed on how their child is settling in
 - they will be informed about any changes or circumstances which may affect them or their child.

- Further considerations may include but are not limited to:
 - send an email during the day to update the family on their child including a photo of the child (if the child has settled in) (refer to the information and Communication Technology Policy).
Note: For children in out-of-home care, the educator may need to seek permission from Child Protection before taking and distributing photos of the child
 - asking the family how they have settled in and if they have any questions or concerns.
 - [As required] Arrange telephone, on-site or video interpreters to assist with orientation conversations with parents/carers who speak a language other than English or use Auslan. See [Early Childhood Language Services](#) for more information.
- Refer to [Attachment 2](#) for the general Per-Prep registration and enrolment procedures
- Refer to [Attachment 5](#) for cancellation of enrolment and non-attendance procedures.

BACKGROUND AND LEGISLATION

BACKGROUND

The [Education and Care Services National Regulations 2011](#) require approved services to have a policy and procedures in place in relation to enrolment and orientation ([Regulation 168\(2\) \(k\)](#)).

All eligible Victorian children ([refer to Definitions](#)) will have access to two years of Free Kinder before commencing school. From 2025, Four-Year-Old Kindergarten will gradually transition to Pre-Prep, with programs across Victoria increasing from 15 to 30 hours each week. Led by qualified teachers, Pre-Prep will give 4-year-old children greater opportunities to socialise and learn through play. Pre-Prep will be delivered through standalone (sessional) kindergartens and long day care centres.

By 2036, all children across Victoria will have access to 1,800 hours of funded kindergarten before school, including 600 hours of Three-Year-Old Kindergarten and 1,200 hours of Pre-Prep. Both Pre-Prep and Three-Year-Old Kinder are part of the Free Kinder program.

Where demand is higher than availability, approved providers must adhere to their eligibility and DE's Priority of Access criteria ([refer to Definitions and Attachment 1](#)) in order to allocate the available places. The criteria used to determine the allocation of places takes account of the requirements set out in DE's Kindergarten Funding Guide ([refer to Sources](#)), the service's philosophy, values and beliefs, and the provisions of the [Equal Opportunity Act 2010](#). The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Services participating in a central registration and enrolment scheme are required to comply with the registration and/or enrolment procedures of that scheme.

The Central Registration and Enrolment Scheme (CRES), co-designed by DE provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. Currently more than half of all local councils across Victoria operate a form of central enrolment or central registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the [Education and Care Services National Law Act 2010 and Education and Care Services National Regulations 2011](#) have legislative responsibilities under the [Public Health and Wellbeing Act 2008](#) to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement ([refer to Definitions](#)).

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. approved provider, nominated supervisor, notifiable complaints, serious incidents, duty of care, etc. refer to the Definitions file of the PolicyWorks catalogue.

Access to Early Learning (AEL): is an early intervention program for a child who is at least three years old on April 30th in the year of enrolment. It aims to provide intensive support to eligible families with multiple and complex needs, assisting them to access universal kindergarten programs.

Australian Immunisation Register (AIR) Immunisation History Statement: The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable).

Authorised nominee: (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These details will be on the child's enrolment form.

Children/families experiencing vulnerability and/or disadvantage (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, substance abuse, or mental health; known to child protection; in statutory out-of-home care; Aboriginal and/or Torres Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

Children with additional needs: Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances (*refer to Inclusion and Equity Policy*) (*refer to Children/families experiencing vulnerability and/or disadvantage Definition*).

Central Registration and Enrolment Scheme (CRES): CRES provides a single point for families to apply for multiple kindergarten services within a local government area, helping

them secure a place that meets their needs and enabling funded kindergartens to work collaboratively with other services to engage vulnerable and disadvantaged families.

Central Registration System (CRS): Provides an equitable and transparent application and allocation process, enabling families to access local kindergarten services within a local government area.

Early Start Kindergarten (ESK): Early Start Kindergarten provides eligible children with 15 hours of free or low-cost kindergarten each week led by a qualified early childhood teacher with Victorian Institute of Teaching (VIT) registered teacher. ESK is available to children who are at least three years old by 30 April in the year they are enrolled to attend the program and are:

- from a refugee or asylum seeker background, or
- Aboriginal and/or Torres Strait Islander, or
- the family have had contact with child protection.

Eligible child: as defined by the Victorian DE Kindergarten Funding Guide:

- a child who is at least four years old on 30 April in the year of attendance; enrolled for at least 15 hours per week or 600 hours per year in a Four-Year-Old Kindergarten; and not enrolled at a funded kindergarten program at another service
- a child who is at least three years old on 30 April in the year of attendance and is enrolled in a funded Three-Year-Old Kindergarten for a minimum of 5 hours per week
- any child that is enrolled in an early childhood and education and care service must have an AIR Immunisation History Statement that indicates that the child is fully vaccinated for their age or who qualifies for the 16-weeks support period

Enrolment: An enrolment occurs when the provider has an arrangement with an individual or organisation to provide education and care to a child.

Enrolment record: the collection of documents which contains information on each child as required under the National Regulations ([Regulations 160, 161, 162](#)) and DE funding requirements (Arrival) and including but not limited to parent details; emergency contacts; authorised nominee; transportation authorisations, details of any court orders; and health information including immunisation status. Enrolment records are stored securely in the service due to their confidential nature.

Kindergarten registration form: The process of families providing initial information about their child to confirm their intention to enrol in kindergarten, administered by the CRES/CRS Provider ([refer to Definition](#)) or by the kindergarten service. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten ([refer to Attachment 3](#))

Support period: allows specific categories of children of families experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement ([refer to Definitions](#)) or when the statement is assessed as not being up to date. Services complete the support period eligibility form with families during enrolment and keep a copy with each child's enrolment record. The 16-week support period starts on the first day of the child's attendance at the service. During the support period, the service is required to take reasonable steps to obtain the AIR Immunisation History Statement ([refer to Definitions](#)) and to encourage families to access immunisation services. Note: services are not required to exclude the child from the program at the end of the support period if an up-to-date history statement is not provided, except in the instance of an outbreak of an infectious disease.

Local Government Area (LGA): a geographic area governed by a local council or shire.

Orientation: Process to support the child's transition to the service, whereby families spend time at the service with the child a few times before leaving the child on their own. The time required for orientation and settling in will vary for each child and their family.

Pre Prep: From 2026 across the state, Aboriginal and Torres Strait Islander children, children from a refugee or asylum seeker background, and children who have had contact with Child Protection services can access up to 25 hours of Pre-Prep a week, increasing to up to 30 hours a week from 2028. Children from this priority cohort can be enrolled in more than 1 group at a single service (including 4-year-old, mixed age, and 3-year-old groups). In addition, any child who was supported by the Access to Early Learning program as a 3-year-old is eligible for these same hours of Pre-Prep as a 4-year-old from 2026.

Priority of access: in instances where more eligible children apply for a place at a service than there are places available, the service must allocate places using the criteria outlined in the DE Kindergarten Funding Guide (*refer to Attachment 1 and Sources*).

Registration: The process of families and carers giving initial information about their child to confirm their intention to enrol in kindergarten, administered by the service provider/EYM/CRES Provider. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten.

School Readiness Funding: funding provided by DE for programs and supports that builds the capacity of kindergarten services, educators and families to support children's learning and development outcomes.

Additional year of funded kindergarten: Eligibility for a second year of Four-Year-Old Kindergarten is determined by the child's early childhood teacher, if the child is observed as having developmental delays in at least 2 VEYLDF Learning and Development Outcomes and there is evidence to suggest the child will achieve better outcomes at kindergarten than if they go to school. From 2026, across Victoria, **children who meet the eligibility requirements due to their learning or developmental needs can access an additional year of either, three-year-Old Kindergarten; or Pre-Prep (or Four-Year-Old Kindergarten for children not eligible for Pre-Prep), but not both.**

AUTHORISATION

This policy was adopted by the approved provider of Heathmont East Pre-school on June 2026.

REVIEW DATE: May 2027

ATTACHMENT 1. ELIGIBILITY AND PRIORITY OF ACCESS CRITERIA

FOR THREE YEAR-OLD KINDERGARTEN AND PRE-PREP

The approved provider must notify all families of the priority of access ([PoA](#)) policy that applies when they enrol their child.

In instances where more eligible children apply for a place at a kindergarten service than there are places available, services must:

- prioritise children based on the Department of Education (DE) criteria listed in the table below
- work with other local kindergarten services and the regional DE office to ensure all eligible children have access to a kindergarten place.

These criteria must be used by the approved/service provider when prioritising enrolments. Guidance is available from the Department's local ECIB, if required.

Service providers should build flexibility into their enrolment processes that consider the circumstances of families from priority groups.

If participating in a central registration and enrolment scheme, the CRES/CRS provider will allocate places in accordance with DE's PoA criteria, and other local criteria if applicable

Services must first apply the DE's PoA criteria, and following this may apply locally developed criteria, as per examples below.

All information relating to PoA criteria should be respectfully collected from families upon enrolment, recorded in each child's confidential enrolment record and entered into Arrival, where applicable.

- home address falls within the same suburb as the kindergarten
- family lives, works, studies or attends child care in [LGA]

Examples to consider for third priority

- service for transient families e.g. RAAF, seasonal workers and tourism workers
- date of application
- local community zoning
- full fee paying families

Note: DE's PoA guidelines are to ensure that kindergarten/Pre-Prep are available to those children who stand to benefit the most from attending early education. In mixed age groups, PoA guideline will equally prioritise three and Pre-Prep children that are considered high priority. Where programs for three year old and Pre-Prep children are provided separately, the PoA criteria will be applied separately for each age cohort.

* Early Start Kindergarten and Three-Year-Old Kindergarten

During the roll-out of Three-Year-Old Kindergarten, Early Start Kindergarten (ESK) (*refer to Definitions*) will continue to provide 15 hours a week of funded kindergarten for all eligible children up until 2029, when three-year-old children across the state will have access to 15 hours

It is important to continue to enrol eligible children in ESK, even if a Three-Year-Old Kindergarten is available at the service. This guarantees that ESK eligible children can continue to access 15-hour kindergarten programs and allows the correct calculation of the service's SRF entitlement.

The Kindergarten Funding Guide 2023 states for ESK funding, service providers should:

- provide up to 15 hours in a kindergarten program free of charge and maximise access to 15 hours of kindergarten (children accessing ESK can be enrolled in a 3-year-old group, a Pre-Prep group, a mixed age group or a combination of groups in order to access the full 15 hours per week)

This guarantees that children experiencing vulnerability will continue to be enrolled in the full 15 hours of kindergarten in all service settings, including long day care. It also ensures that service providers can continue to receive all funding entitlements.

Service providers are expected to continue to provide the full 15 hours funded through Early Start Kindergarten, even in instances where three-year-old groups are being offered fewer than 15 hours.

ESK is available to children who turn three years of age by 30 April in the year of enrolment and who:

- are Aboriginal and/or Torres Strait Islander
- have had contact with Child Protection
- have a refugee or asylum seeker background*

*Children/families without a current refugee visa or ImmiCard who have a recent refugee experience may be eligible by exception for Early Start Kindergarten, for more information contact your local Department of Education and office.

Refer to the Department of Education's website for up-to-date information: www.education.vic.gov.au

ATTACHMENT 2. GENERAL KINDERGARTEN/PRE-PREP REGISTRATION AND ENROLMENT PROCEDURES

The information contained within this attachment is to be used as a guide and modified accordingly for kindergarten services that are part of a CRES

KINDERGARTEN REGISTRATION PROCESS

Stage	CRES Role	Family Role	Kindergarten Role
December to February			
1. Proactive engagement and awareness	Provides kindergarten with promotional and registration materials for families and carers, including a promotional pack, registration form copies or online link, and an information pack for CRES partners.	Searches for information about ECEC and CRES. Receives information from a service provider, MCH staff or support service they have contact with. Receives information that kindergarten registration will open shortly.	Receives CRES information for the year from MIKA (Maroondah Integrated Kindergarten Association). Communicates with MIKA to revise service agreement and provide any necessary information for the following enrolment cycle (such as capacity and session times). Communicates information about ECEC and CRES to families. Notifies CRES Provider of vulnerable families currently accessing their service with prekindergarten aged children and an action plan to ensure they reach kindergarten/Pre-Prep.
March to May			
2. Registration	Provides the registration form, or link to the form, to families and carers. Supports families and carers to complete the registration form if necessary. Captures registration data in a standard format.	Completes a registration form. Receives assistance from support services or MCH to complete the form if necessary.	Encourages awareness and registration for the MIKA system. Supports families and carers in completing the registration form if needed. Ensures families with children in Three-Year-Old Kindergarten register for Pre-Prep. Refers families needing additional support to relevant services.
June to July			
3. Allocation	Allocates children to kindergarten places, ensuring appropriate session capacity and options.	Receives confirmation that their registration has been received and a timeline for allocation and enrolment processes.	Identifies children who may be eligible for a second year of Pre-Prep, and flag this with the MIKA.

	Follows registered preferences and standard guidelines, prioritising based on: • DE's Priority of Access criteria • Locally agreed criteria Reserves spots for late registration of priority groups, based on historical data.		Assists any families or carers who did not register before the closing date to register and informs them of the process for second round allocation.
August to September			
4. Confirmation and communication	Informs family, nominated contacts, and support services of child's placement or waitlist status. Provides service providers with a list of allocated children and contact details for support services, with consent. Adds any families or carers who have declined their offered position to the list of next round allocations.	Receives confirmation of placement or waitlist status in the First Round Allocations. Accepts or declines the offered kindergarten place. If declined, receives a timeline for second round allocations and can update preferences. If changing mind after acceptance, calls the CRES Provider for re-allocation or waitlist placement. Subsequent Round Allocations - receives confirmation of their child's placement in kindergarten and accepts the offer or is assisted to find an alternative place if none are available. Receives information about next steps to enrol their child with the kindergarten directly. Completes enrolment forms with their kindergarten.	Receives list of allocated children for their kindergarten/Per-Prep sessions. Informs the MIKA if a child they are aware of (through siblings or community, or a child requiring a second year of Per-Prep) should be registered but is not and requests that a space is held in the next allocation round. Supports these families and carers to register. Enrols children through a consistent internal process, including interviews, orientation days and other preparation activities.
October to January			
5. CRES planning, maintenance and development	Plans for success every year by evaluating and improving the CRES.	Begins to engage with the kindergarten to start the enrolment process.	Complete one- funded letter and confirmation of enrolment in a 3YO/4YO funded kindergarten program Gives information to MIKA about service capacity and session times. Continue to support families to enrol and begin kindergarten/ Per-Prep.

		Provides feedback to the MIKA about your experience so they can improve it for the coming year.
--	--	---

* If the kindergarten believes a family will need extra support completing a registration form or are likely to miss the first round registration date, refer them to the MIKA with the attached referral form. MIKA will follow up with this family or carer to offer support in getting their children into kindergarten.

Kindergarten/Pre-Prep registration dates

If families miss the registration close deadline, they can still register although they will be placed into a pool for second-round (or even later rounds) of allocation and are less likely to get their top preference. After second round offers have been confirmed, MIKA will continue to allocate children to kindergarten places where they are available. More places may become available as children move kindergartens or withdraw, or when kindergartens add capacity.

Date	Activity
1st March	Registrations open
30th June	Registrations close*
1st August	First round offers
14th August	Acceptance of first round offers due
Beginning of September	Subsequent round offers
Mid September	Acceptance of subsequent round offers due
Weekly or when places become available	Subsequent offers on an individual basis

*Registrations will still be accepted after 30 May, but registrations received prior will be allocated first. Children eligible for Priority of Access will be prioritised regardless of when registration is received.

Registration

The quickest way to complete a registration form is online at <https://www.mika.org.au/>

Families can also complete a paper form and post it to MIKA. Registration forms are provided by MIKA to the kindergarten/Pre-Prep service and distributed to families. A separate registration form must be completed for each child.

Families cannot register directly with the kindergarten that are part of the CRES, they must go through the centralised registration process. Kindergarten's can direct families to register through MIKA and assist them to complete the registration.

Dear [insert name]

Re: Enrolment at Heathmont East Pre-school for [insert year]

I am contacting you regarding your tentative place for [insert child's name] at Heathmont East Pre-school in the [insert 3 year old or Pre-Prep] in [insert year].

Under the *Public Health and Wellbeing Act 2008* early childhood education and care services cannot enrol a child unless the parent/guardian has provided AIR Immunisation History Statement.

AIR Immunisation History Statement includes evidence of immunisations and is used to assess whether your child is fully vaccinated for their age.

As we have not received acceptable immunisation documentation for [insert name of child] by the due date, and your child is not eligible for the 16 week support period, we are unable to confirm a place at our service for [insert year] and your child's name has been removed from our list.

Immunisation programs are effective in reducing the risk of vaccine preventable diseases. Immunisation from an early age helps protect your child against serious childhood infections. Further information about immunisations for your child is available from:

- your doctor
- Contact Maroondah City Council's immunisation team on 1300 88 22 33 or email immunisation@maroondah.vic.gov.au

Note: This process does not apply to vulnerable children (*refer to Definitions*). Children and families that are experiencing vulnerability are to be supported according to their individual needs. Where children/families are linked to Child Protection and not attending; early childhood teacher or educator will need to inform their Case Officer.

- Nominated supervisor or approved provider to email family, ensuring a response date is documented in the email.
- If the family has made no attempt to communicate with the service before the response date, post a final attempt letter, ensuring a response date is documented in the letter.
- If the family has not responded to the final attempt letter before the response date, their placement will be cancelled.

ATTACHMENT 5. CRITERIA FOR GROUP ALLOCATION

Given that Heathmont East Preschool runs its four-year-old funded kindergarten program in rotational groups, families are invited to indicate their preference for the group they wish to enrol their child in.

Where possible, Heathmont East Preschool will allocate the child to the families first preference group.

The following are the criteria adopted by Heathmont East Preschool when considering the allocation of children to the group for all on-time enrolments.

(a) First priority will be given to children who fall within the meaning of the CET's priority or DE's priority of access criteria. (refer to Attachment 1)

(b) Second priority will be given to families who have submitted their enrolments on-time.

(c) Further considerations for remaining group allocations will be at the Committee of Management's discretion, and may include, but is not limited to:

- Children who had siblings that previously attended
- Needs of individual children
- Needs of the group
- Parental work circumstances.

Decisions on Group Selections by the Committee of Management are final.

If your circumstances change and you are no longer able to do the days your child has been allocated to you can..

a) inform Heathmont East Preschool that you no longer require a space at the kinder as your child's appointed group no longer suits your schedule.

b) request a change in group. However this is subject to availability. If there are no available spaces in the desired group we are not able to facilitate a change in group. We may however place your child on a waitlist where we will contact you in the event that a place opens up in your desired group.

Note: DET's Priority of Access (POA) guidelines are to ensure that kindergarten programs are available to those children who stand to benefit the most from attending early education. In mixed age groups, POA guideline will equally prioritise three and four-year-old children that are considered vulnerable. Where programs for three and four-year-old children are provided separately, the POA criteria will be applied separately for each age cohort.
